Choose from an extensive range of luxury fabrics, enabling you to create a truly unique and memorable look for your special day.

You'll have your own Personal Tailoring Assistant bringing your vision to life and walking you through every step of the process – ensuring it's an enjoyable and special experience for you and your groomsmen.

Enjoy the journey

Whether you prefer an elegant tailored fit or a modern slim cut, you can select from our 'Made to Measure' service or the 'Off the Peg' suit range.

'Made to Measure' offers you the opportunity, with our expert guidance, to design your wedding day look right down to the smallest detail with no compromise on style or fit.

Naturally, the price of Made to Measure is dependent on your choice of fabric, construction and design options. From entry level to high end...the choice is yours!

Should you decide to opt for an 'Off the Peg' garment, our in-house tailoring department will perfect the fit, for no extra charge.

Book an appointment at either our Bury St Edmunds or Cambridge stores and we can discuss your requirements. We will advise you on the most appropriate options and get you started on your journey.

Our mission

At T&D, we understand our responsibility as Tailoring Consultants - the importance of interpreting and expressing your individual style for your special day.

All of these brochure images (with the exception of the Morning Dress mannequins) are authentic photographs kindly shared with us by clients highlighting our conscientious attention to detail.

"I can't emphasise enough what a great shopping experience Trotter & Deane provide. Shopping for a wedding suit the attention to detail, willingness to help and advise was simply brilliant. An independent local business with a great team. Thanks to the Bury team."

"I had an excellent experience at Cambridge Trotter and Deane having my wedding outfit made. They were attentive, knowledgeable, and generally really fun to work with. I will definitely be back for my future clothing needs."

Morning Dress

Morning dress is the most traditional daytime wedding attire. A morning coat is usually paired with grey striped trousers and now often with a pastel coloured waistcoat.

However contemporary versions of this traditional look can include dogtooth or plain trousers with different colour combinations such as a blue or grey coat.

At Trotter & Deane we like to add a contemporary feel to classic looks and our modern cut morning coat with a soft shoulder line is a perfect example.

Our Special Day

Suiting

The classic two or three-piece is the most common choice for grooms. With no rules to adhere to this can be as individual as the person wearing it.

From lightweight luxury Italian wool or silk and linen, for weddings in hot climates, to British tweeds and flannels, for weddings closer to home, you can have exactly the look you want. Pairing either a tonal or contrasting waistcoat with a two-piece suit is an excellent way to dress up the look but keep a versatile 'ever smart' two-piece that can be worn in a multitude of ways after the day.

If you want to add an element of texture or colour this is an ideal way to go.

Tuxedos

Known as black tie, Tuxedos were traditionally midnight blue as this actually looks darker than black in artificial light.

Tuxedos are becoming increasingly popular today as wedding attire. Cut with either a peak lapel or shawl collar these pieces look equally stunning in either a wool barathea, wool and mohair blend or an elegant velvet.

Silk facings are matched throughout from the lapel facings, the pocket jets to the stripe running down the side of the trouser. It's these details that set the look apart. Made as either a two or three-piece the contemporary Tuxedo looks even more elegant with our soft shoulder and modern silhouette.

Custom Wedding Packages

For those who are more budget conscious we have designed a programme to accommodate parties of 4 or more.

These 'Custom Made' garments will be the same style for each member of the group made to your nearest stock size, fitted in store and then tailored in house by our expert tailors to optimise the fit.

Please ask your tailoring consultant for more details.

Our front of house team will also guide you through choosing the perfect accessories, from your shirts, to ties and pocket squares.

Timescales

With the option of having your suit 'Made to Measure' or even 'Custom Made' you will be selecting from our extensive array of designs, colours and textures.

Approximately six weeks post order we'll welcome you back for an interim or final fitting.

With our 'Custom Made' programme, we recommend that you allow 12 weeks from initial consultation to your big day.

With peace of mind afforded by knowing that you will look your best, you can relax and enjoy the moments that matter most, with our sincere good wishes to you and your partner for a lifetime of happiness.
